Profile

Results-driven **Product Manager** with expertise in **technology, product quality, and lifecycle management** from ideation to launch. Skilled in **agile methodologies, cross-functional collaboration, and data-driven decision-making** to optimize product performance. Passionate about **innovation and process optimization**, ensuring high-quality products that align with business goals and user needs.

Experience

Manager

Bengaluru

PwC

1/2021 - Present

Led end-to-end product development and lifecycle management, ensuring high-quality releases. Collaborated with engineering, UX, and marketing teams to define roadmaps and improve product performance. Utilized agile methodologies and data-driven insights to enhance user experience and drive business growth.

Consultant

Hyderabad

Deloitte

8/2018 - 10/2020

Assisted in product roadmap execution, collaborating with cross-functional teams to enhance product quality. Conducted market research, software testing, and user analysis, while leveraging basic software development skills to support data-driven decision-making and feature improvements.

Test Engineer

Hyderabad

Infosys Ltd

2/2014 - 6/2018

Led automation testing efforts, developing and maintaining test scripts to ensure product quality and performance. Collaborated with engineering and product teams on requirement gathering and analysis, executing test plans, and streamlining release cycles.
